## **ASBESTOS NOTIFICATION OF DEMOLITION AND RENOVATION**

Division of Air Quality SFN 17987 (7/05)

I. Type of Notification THIS NOTICE MUST BE SUBMITTED 10 DAYS BEFORE BEGINNING THE ACTIVITY										
Original	Revised Cancelled Date:									
II. Type of Operation III.						estos Present?				
Demolition [	Renovation	☐ Emergency Renov	vation	Yes	□ No					
IV. Dates of Asbestos Removal (MM-DD-YY)  V. Dates of Demolition or Renovation (MM-DD-YY)										
Start:	Stop:	Start:	Start: Stop:							
VI. Facility Information (identify owner and operator, if applicable)										
Owner Name										
Owner Address			City		State	Zip Code				
Contact Person			Te		elephone Number					
Operator (if different than owner)										
Operator Address			City	City		Zip Code				
Contact Person			Tele		ephone Number					
VII Facility Description (include building name, number and floor or room number)										
VII. Facility Description (include building name, number and floor or room number)  Building Name										
Building Address City				State Zip Co	Code County					
Site Location (floor or room number(s))										
Building Size (Sq. Ft.)			mber of Floors			Age of Building or Year Built				
Present Use		r Use	е							
VIII. Asbestos Contractor or Demolition Contractor										
Contractor Name						ND License Number				
Contractor Address City			Sity	Stat		Zip Code				
Contact Person			Tel	Telephone Number						
IX. Asbestos Inspector or Project Monitoring Firm (if applicable)  Firm Name  ND License Number										
		(D Bronge Pumper								
Firm Address City			Sity	State		Zip Code				
Name of Inspector or Onsite Hygienist Telephon						nber				
X. Approximate Amount of Asbestos, Including:										
PF- simulation	Regulated Asbestos- Containing Material	Nonfriable Asbestos	s-Containing Material Removed							
	(RACM) to be Removed	Category I	Category II	Category		Category II				

XI. Testing Procedure	for Determining Asbestos and		(s)					
PLM Other:	Type of Asbestos-Containing Mat	terial(s)						
XII. Description of Wo	ork Practices and Engineering	Controls to Prevent Asbesto	os Emissions (check all that	apply)				
Adequately Wet Materials  Negative Air Containment	Glove Bag Seal in Leaktight Wrapping	☐ Seal in Leaktight Containers☐ Mini-enclosure	Encapsulate Other:					
XIII. Description of Pl	anned Demolition or Renovati	ion Work (backhoe, bulldoze	er, hand removal, etc.)					
XIII. Description of Planned Demolition or Renovation Work (backhoe, bulldozer, hand removal, etc.)  Will the Facility or Facility Debris be Burned?  Yes No If yes, you must contact your local Health Unit or the Air Quality Division at 701.328.5188, to complete an open burn variance: SFN 8509								
XIV. Waste Transport	er							
Name	-							
Address		City	State	Zip Code

Fax: 701.328.5200 (If faxing, original copy <u>must</u> be mailed)

## INSTRUCTIONS FOR COMPLETING THE ASBESTOS DEMOLITION AND RENOVATION NOTIFICATION FORM

## **GENERAL INFORMATION**

The Asbestos NESHAP, Section 33-15-13-02 of the North Dakota Air Pollution Control Rules, requires written notification of demolition or renovation activities in facilities under Subsection 02.6. In most cases, a facility includes all types of structures except single family homes and apartment buildings having no more than four units. The enclosed form must be used to fulfill this requirement. Only complete notification forms will be accepted.

The notification should be typewritten or neatly printed and postmarked or delivered no later than ten days prior to the beginning of either the asbestos removal activity (Section IV) or demolition activity (in Section V) whichever is applicable.

## INSTRUCTIONS

- I. <u>Type of Notification</u>: Check "Original" if the notification is a first time or original notification," Revised" if the notification is a revision of a prior notification, or "Canceled" if the activity has been canceled. On the right side enter the date that the notification is being submitted.
- II. <u>Type of Operation</u>: Check as appropriate for facility demolition, for facility renovation, for ordered demolitions, or for emergency renovations.
- III. Is Asbestos Present? Answer "Yes" or "No."
- IV. <u>Scheduled Dates of Asbestos Removal (MM-DD-YY)</u>: Enter scheduled dates (month/day/year) for asbestos removal work. Asbestos removal work includes any activity, including site preparation, which may break up, dislodge or disturb asbestos material.
- V. <u>Scheduled Dates of Demolition/Renovation (MM-DD-YY)</u>: Enter scheduled dates (month/day/year) for beginning and ending the planned demolition or renovation project.
- VI. Facility Information: Enter the names, addresses, contact persons and telephone numbers of the following:

Owner: Legal owner of the site at which asbestos is being removed or demolition planned.

Operator: Demolition contractor, general contractor, or any other person who leases, operates, controls or supervises the site.

If known, the name of the site supervisor should be entered as the contact person for the notification. If additional parties share responsibility for the site, demolition activity, renovation or ACM removal, include complete information (including name, address, contact person and telephone number) on additional sheets submitted with the form.

VII. <u>Facility Description</u>: Provide the following information on the areas being renovated or demolished:

Building Address: Physical location of site.

Building Size: The building size in square feet.

No. of Floors: Enter the number of floors including basement, if applicable.

Year Facility was Built or Age: Enter approximate age of the facility.

Present Use/Prior Use: Describe the primary use of the facility or enter the following codes: H -- Hospital; S -- School; P -- Public Building; O -- Office; I -- Industrial; U -- University or College; C -- Commercial; or R -- Residence.

- VIII. <u>Asbestos Contractor or Demolition Contractor</u>: Name of contractor hired to remove asbestos or to demolish the facility.
  - IX. <u>Asbestos Inspector or Project Monitor</u>: The firm who conducted the asbestos inspection prior to demolition/renovation, or the monitoring firm hired to oversee project, collect air samples, etc. (not to include the project designer).

X. <u>Approximate Amount of Asbestos Including</u>: (1) Regulated ACM to be removed (including nonfriable ACM to be sanded, ground or abraded); (2) Category I and Category II nonfriable asbestos containing material (ACM) to be removed; and (3) Category I and Category II nonfriable asbestos containing material not to be removed. For both renovations and demolitions, enter the amount of RACM to be removed by entering a number in the appropriate box. If applicable, enter the amount of nonfriable ACM to be removed during a demolition or renovation, and/or enter the amount of nonfriable ACM not to be removed during a demolition or renovation.

Category I nonfriable material includes packing, gaskets, resilient floor covering and asphalt roofing materials. Category II nonfriable material includes any material, excluding Category I materials, that when dry, cannot be crumbled, pulverized or reduced to powder by hand pressure, or mechanical forces expected to operate on the material during the demolition or renovation activity. All Category II materials must be removed prior to demolition.

Complete the volume from facility component(s) if asbestos-containing materials have been removed from facility components and the volume is known.

- XI. <u>Asbestos Testing Procedure and Type of Asbestos Materials Present</u>: Check the appropriate box for the procedure that was used to determine asbestos content. Also, describe the kinds of asbestos-containing materials that are present.
- XII. <u>Description of Work Practices and Engineering Controls to Prevent Asbestos Emissions</u>: Check the appropriate box(s) for work practices that will be employed to prevent asbestos emissions.
- XIII. <u>Description of Planned Demolition or Renovation Work</u>: Include a brief description of the renovation/demolition technique(s) to be used. Also, indicate if the facility or facility debris will be burned.
- XIV. <u>Waste Transporter(s)</u>: Enter the name(s), addresses(s), contact person(s) and telephone number(s) of the person(s) or company(ies) responsible for transporting ACM from the removal site to the waste disposal site. If the removal contractor or owner is the waste transporter, state "same as owner" or "same as removal contractor." If multiple parties are responsible include complete information on an additional sheet and submit with this form.
- XV. <u>Waste Disposal Site</u>: Identify the waste disposal site, including the complete name, location, and telephone number of the facility. If ACM is to be disposed of at more than one site, provide complete information on an additional sheet submitted with the form. Permit number(s) must be included.
- XVI. <u>If Demolition Ordered by a Government Agency, Please Identify the Agency below</u>: Provide the name of the responsible official, title and agency, authority under which the order was issued and the date of the order. A copy of the order from the government agency must be attached to this form.
- XVII. <u>Emergency Renovation Information</u>: Provide the date and time of the emergency, a description of the event and a description of unsafe conditions, equipment damage or financial burden resulting from the event. The information should be detailed enough to evaluate whether a renovation falls within the emergency exemption.
- XVIII. <u>Description of Procedures to be Followed in the Event that Unexpected Asbestos Fiber Release</u>: Provide adequate information to demonstrate that appropriate actions have been considered and can be implemented to control asbestos emissions adequately, including at a minimum, conformance with applicable work practice standards. Attach an additional sheet of paper if needed and submit with this form.
- XIX. General Comments: as necessary. Attach an additional sheet of paper if needed and submit with this form.
- XX. <u>Verification and Certification</u>: Certify the accuracy and completeness of the information provided and the intent to comply with the North Dakota Air Pollution Control Rules by signing and dating the notification form.
